

## Modular and Progression Courses:

### **Bite Sized - Interior Design**

An optional starting point for those unsure of which route to take.

*Special Offer:* Book another Interior Design short course within 3 months and we'll deduct your Bite Sized fee.

### **Introduction to Interior Design & Introduction to Interior Design Plus**

'Introduction to Interior Design' will guide you through the principal skills as practised by professional interior designers. You may choose to progress to 'Introduction to Interior Design: Plus' to fast track into "Interior Design Module Two"

### **Interior Design - Module One**

A in depth 12 day course focused on a residential brief, teaching drawing, and presentation skills from scratch.

### **Interior Design - Module Two**

A comprehensive 12 day course focused on a commercial brief, for example a bar or restaurant - building on skills taught during 'Interior Design - Module Two'.

### **Interior Design - Module Three**

An advanced 12 day course allowing experienced students to bring a real or imagined project to the class to work on with the guidance of the tutor.

## ⊕ Other Beginner's Courses:

### **Interior Decoration & Styling**

Learn how to source and style an interior whilst increasing your knowledge of period styles and suppliers.

### **Renovate and Decorate**

Ideal for new or prospective home owners intent on creating a dream interior for their own home.

### **Interior Styling (Online)**

You will be challenged in terms of what you can bring to interior styling and explore how to market yourself.

## ⊕ Professional Development Courses:

### **Hotel Interior Design: An Introduction**

Increase your skills in this flourishing area of commercial interior design.
