Venue Hire
Generations of internationally renowned artists, designers and performers began their creative journeys at Central Saint Martins, widely regarded as one of the leading Arts and Design institutions in the world.

Our Alumni include Stella McCartney, Alexander McQueen, Sir Terence Conran and Colin Firth to name a few. As one of six colleges that together comprise the University of the Arts London, Central Saint Martins is part of the largest creative university in Europe.

In 2011 we moved to a new home in King’s Cross. Our Grade II listed Victorian Granary building was given a £200m renovation by Stirling Prize winning architects Stanton Williams and has since been showered with awards for its breathtaking design and nominated for the 2013 Mies Van der Rohe prize.

With over 5,000 square meters of flexible event space with state-of-the-art equipment, the new building offers a range of spaces by day or by night ideal for:

— Conferences
— Fashion shows
— Award Ceremonies
— Canapé receptions
— Private dinners
— Exhibitions

As well as a stunning venue, we offer clients the opportunity to work with our talented students, graduates and expert staff to make your event truly innovative and creative.

Central Saint Martins is the anchor of the new development at King’s Cross – London’s busiest and best connected transport hub; with six tube lines, two national railway stations, the Eurostar and excellent links to all five of London’s airports.
“A HUGE thank you to both of you and everyone else in your team for making last night such a success!

There was a lot of detailed planning and hard work that went into it and I’m so appreciative for that.

We’ve had some great emails this morning from guests and hosts, which is exactly the result we were looking for.

Here’s to the next!”
