**Two weeks of intensive
English plus Summer Study
Abroad 2017**

I improved my English and my artistic skills and I really enjoyed it. I would recommend this course to a lot of people.

Language Centre student,
Theo, France.

Language Centre

Located in UAL's headquarters in central London, the Language Centre specialises in teaching English within the context of art, design, fashion and communication. This will give you the right preparation and the subject-specific vocabulary you will need for your Summer Study Abroad course.

The programme will begin with two weeks of English language classes, followed by a Summer Study Abroad course of your choice. English language tutorials will take place weekly throughout your studies, providing one-to-one support with your language development.

You will also benefit from access to a specialised online resource designed to provide the essential language skills you will need to succeed in your studies. Each week, your tutor will set you tasks from this resource, monitoring and directing your progress according to your individual needs.

How to apply

Summer Study Abroad plus English is suitable for applicants who have completed at least one year of university-level study.

Whilst the English lessons are designed to help you get the most from your Summer Study Abroad course, you will need to have sufficient English to follow lectures and take part in group discussions before you apply to this programme.

We normally recommend a minimum English level of IELTS 5.0 or above as a guide.

Applications should be made online at:
arts.ac.uk/ssa-english

Accommodation

A wide choice of accommodation is available, including halls of residence, homestays, house shares and hotels.
