Connect to UAL-WiFi (Windows phone)

The following guide is based on the Nokia Lumia 880 Windows 7 phone. There may be variations if you have a different model.

01. Click on the arrow in the top right hand corner of the screen to get to the settings window.

02. Select Settings.

03. Select WiFi.

04. Select either UAL-WiFi (enter your UAL username and password to connect).
