STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE STRATEGIC REPORT, THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

LONDON ARTSCOM LIMITED
DIRECTORS' REPORT (CONTINUED)

External Auditors

Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and KPMG LLP will therefore continue in office.

The directors are pleased to report that the company has had another successful year and has continued to develop and grow its short course activity. They would like to pass on thanks to staff for their continued efforts which contribute to the continued success of the company. The results are in line with expectation, considering that one-off reallocation costs were incurred as result of moving Central Saint Martins operations from Back Hill to Richbell Place during the year. This move is a temporary arrangement to facilitate College business for the coming year.

The company also receives a fee for the design, marketing and co-ordination of Study Abroad courses and income has grown due to the continued strong performance of these courses.

Risks and Uncertainties

London Artscom Limited is a wholly owned subsidiary of University of the Arts London. It provides short courses using the University and College brands and as such many risks and uncertainties are linked to those facing the University. The Financial Statements of the University of the Arts London are publicly available on the University website.

The directors acknowledge their responsibilities as set out in the Statement of Responsibilities including that they are responsible for the Company's system of internal control and for reviewing its effectiveness. Such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The University has a fully embedded Risk Management process and policy which identifies and manages the key risks associated to University group as a whole. Risks and associated migrating factors affecting the University and Group are regularly monitored and reviewed.

Future Developments

The company will continue to deliver and develop its short course provision and act as a trading subsidiary of University of the Arts London for the foreseeable future.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to these financial statements.

(a) Basis of Preparation

The financial statements have been prepared in accordance with applicable accounting standards and under historical cost accounting rules.

Under FRS 1 the Company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the Company in its own published consolidated financial statements.

As the Company is a wholly owned subsidiary of the University of the Arts London, the Company has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with entities which form part of the group (or investees of the group qualifying as related parties). The consolidated financial statements of University of the Arts London, within which this Company is included, can be obtained from University of the Arts London, 272 High Holborn, London WC1V 7EY.

(b) Going concern

On the basis of their assessment of the company's financial position and resources, the directors believe that the company is well placed to manage its business risks. Therefore the company's directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

(c) Turnover

Turnover for the year is derived primarily from operations in the United Kingdom, although many clients are drawn from overseas. It represents short course tuition fees, trading activities generically related to the provision of educational services and the sale of artwork. Fee income is recognised when the service is provided. It is shown net of value added tax and trade discounts.

(d) Management Fee receivable

A management fee is charged to the University of the Arts London for the design, marketing and co-ordination of the University's Study Abroad courses as well as the recruitment of students.

(e) Taxation

The charge for taxation is based on the result for the year.

(f) Pension Schemes

The Company operates a pension scheme providing benefits based on career average pensionable pay. The assets of the scheme are held separately from those of the company.

Pension scheme assets are measured using market values. Pension scheme liabilities are measured using a projected unit method and discounted at the current rate of return on a high quality corporate bond of equivalent term and currency to the liability.

LONDON ARTSCOM LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The pension scheme surplus (to the extent that it is recoverable) or deficit is recognised in full. The movement in the scheme surplus/deficit is split between operating charges, finance items and, in the statement of total recognised gains and losses, actuarial gains and losses.

Pension schemes

Retirement benefits to employees of the company are provided by the London Pension Fund Authority (LPFA) under the Local Government Pension Scheme (LGPS), a defined benefit scheme which is externally funded and contracted out of the State Earnings Related Pension Scheme. Contributions to the scheme are charged to the income and expenditure account so as to spread the cost of pensions over employees' working lives with the company in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll.

Contributions are determined by qualified actuaries on the basis of triennial valuations using the projected unit method.

The LGPS is a funded defined benefit scheme, with the assets held in separate trustee administered funds. The total contribution made for the year ended 31 July 2014 was £773,000 of which employers' contributions totaled £555,000 and employees' contributions totalled £218,000. The local government pension scheme agreed contribution rate for periods beginning April 2013 and April 2014 is 17.3% for employers and 5.5% to 7.5% for employees (depending on earnings) throughout and for future periods.
