What is UAL Insights?

UAL Insights is University of the Arts London’s (UAL) outreach programme, offering young people access to our Colleges for creative activities and pre-university advice and guidance.

Not everyone has an equal opportunity to enter higher education. We want to change that by supporting students via UAL Insights programmes.

Who can take part?
Summer Schools are open to first year Level 3 Diploma, AS or A-Level students. We welcome applications from students of all ages, 16 and over.

Insights Spring students do not need to make a second application for Summer. We will be in touch with details of how to sign up for Summer Schools.
