Our pre-degree courses:

At UAL, a pre-degree course is the usual entry point for applicants from high school, or for applicants who may have completed some college or university study in other subject areas. This first year is instrumental to develop confidence as a creative thinker, build skills and broaden approaches to research and experimentation.

UAL offers a range of full-time first-year pre-degree courses. Entry requires a High School Diploma or equivalent, as well as a portfolio of work. Some of UAL's non-portfolio academic degree courses do not require a pre-degree course.

Completing a pre-degree course prepares you for our highly specialized 3-year degree courses (BA/BSc).

"UAL is very self-paced, whatever you put in is what you’ll get back. And being a student in London is kind of crazy, – it’s almost too cool. You have so many resources at your fingertips, it keeps me inspired to be making all the time."

"My experience at UAL taught me to conceptualize my creative process. It provided me with an opportunity to think critically while pushing my artistic boundaries. I now have an incredible network of like-minded individuals from across the world."
