RE: UAL Awarding Body Level 2 Diploma in Creative Media Production & Technology (601/3927/4)

Dear Ross,

I am writing to confirm that Sussex Downs College (UKPRN 10006432) recognizes and values the UAL Awarding Body Level 2 Diploma in Creative Media Production & Technology, which provides a progression route to the next level of learning in the subject.

The Level 2 Diploma in Creative Media Production & Technology provides students with opportunities to develop the skills, knowledge and understanding they need to progress successfully to Level 3.

The qualification supports students to develop technical and specialist skills relevant to creative media and its related disciplines, together with broad soft skills such as communication, teamwork, reflective practice and independent learning.

Students completing the UAL Awarding Body Level 2 Diploma in Creative Media Production & Technology at Sussex Downs College are able to progress to the UAL Awarding Body Level 3 Diploma in Creative Media Production & Technology and/or the UAL Awarding Body Level 3 Extended Diploma in Creative Media Production & Technology, which we also deliver. This progression route is presented visually presented here: http://www.arts.ac.uk/about-ual/awarding-body/qualifications/

In addition, students may progress to Apprenticeships in related areas or to other Level 3 qualifications such as the UAL Awarding Body Level 3 Diploma and Extended Diploma in Art & Design.

I also confirm that Sussex Downs College is happy for this letter of support to be made available on the UAL Awarding Body website.

Please don’t hesitate to contact me if you require any further information.

Yours sincerely,

Jonathan Searle
